**All cabs should cease service for this brief time to demonstrate our power and publicize our demands.**

**We challenge the following ridiculous policies:**

- unregulated towncars vs. over-regulated taxis
- no due process or appeals for citations
- mandatory uniforms? we are self-employed!
- mandatory for-hire license display (unsafe)
- no driver representation in municipal meetings

**These are our first issues and this is our first tactic, be there!**

**Park or circle the block @ City Hall 4th & Marion**
