ITEM DETAILS FOR: DJ/RUPTURE VS FILASTINE - Shotgun Wedding Volume Six

DJ/RUPTURE VS FILASTINE - Shotgun Wedding Volume Six Violent Turd CD // £10.49 ELECTRO / SYNTHPOP Released: Apr 2007 Catalogue Number: TURD19CD

Opening up with the spot-on unholy triumvirate of Various Production's 'Hater', Timeblind's 'Copycopy' and Skream's 'Lightening' DJ/Rupture shows where his listening habits have been residing recently. Jace traces a thread through pop bashment versions (heatwave's Crazy hype blend) Justin Timberlake rerubs

via Missy and timbaland collabs with added spanish guitars, dropping the tempo with a stunning Joanna Newsom r'n'b dubstep reversion before taking it right down with some illbient soundtracked poetry and back into the dubstep, a hell of a lot going on but perfect for hazy BBQ sessions or sunny day cruising. Filastine ups the pressure further with a pan global shockout traversing the likes of Dabrye, Hrvatski and Arto Lindsay, spliced with his own polyrhythms and a wealth of field recordings from his travels through Seattle, Budapest, Istanbul and further. There's a hell of a lot of knowledge and skills getting dropped on this album, get learning.
